1983 FARMER'S DIGEST INDEX

BEEF CATTLE — **MONTH**

Send 'em on a trip through the chute ..... Jan.
Coming...electronic I.D. for cattle ..... Jan.
Profit Leaks in the cattle business ..... Jan.
1983 profit outlook for cattle feeders ..... Feb.
Would an 800 lb. calf make more money? ..... Feb.
A health quiz for beef producers ..... Feb.
300 cows, 14,000 acres, total A.I. ..... Mar.
What to look for in replacement heifers ..... Mar.
Changing feeding time aids beef gain ..... Mar.
1983: year of the beef turning point ..... Apr.
What it costs not to manage cattle ..... Apr.
A simple crossbreeding plan ..... Apr.
How about selling beef direct? ..... May
Produce cattle to "fit the box" ..... J/J
Why maternal instincts are important ..... J/J
Putting it all together for beef ..... J/J
Ways to beef up cash flow ..... A/S
Life is tough for a weaner calf ..... Oct.
What do packers really want? ..... Oct.
Cattlemen use only 50% of technology ..... Oct.
Growth implants are for calves ..... Oct.
"Yes sir, they've all had their shots!" ..... Nov.
They made synchronized breeding work ..... Nov.
Heifers VS Steers in the Feedlot ..... Nov.
Open cows tend to repeat ..... Dec.

CROPS

Can crop residue dry your grain? ..... Jan.
Can you afford to cut soybean inputs? ..... Jan.
Shifts in tillage change the soil ..... Jan.
Crop doctor for your farm? ..... Jan.
Extra bushels from the right hybrid ..... Feb.
Don't let the planter trick you ..... Feb.
Growing point is the key to survival ..... Feb.
How good are soil tests? ..... Feb.
Yield — the passport to pro ..... Feb.
It's time to redesign the corn plant ..... Feb.
Why reduced tillage is gaining ground ..... Feb.
Grassland principles for row crops ..... Feb.
The most crop for the least bucks ..... Mar.
Crop insurance is a better buy ..... Mar.
Double cropping plan for walnut trees ..... Mar.
Record soybean use likely this year ..... Apr.
How do you choose soybean varieties? ..... Apr.
13 steps to higher soybean profits ..... Apr.
Which soybean planting system is best? ..... Apr.
Last call for no-till farming in 1983 ..... Apr.
He champions no-till farming ..... Apr.
What did you learn in last year's corn? ..... Apr.
Ridge runners raise top crops ..... May
Solid-seeded corn for set-aside acres ..... May
Are all of those field trips necessary? ..... May
Harvest corn in July, then plant beans ..... May
Early start with cold tolerant seed ..... May
What's going on inside your grain bin? ..... J/J
Irrigation can help beans every year ..... J/J
Soybean growers fool mother nature ..... J/J
Cerone cuts lodging in small grain ..... J/J
Answers to no-till problems ..... J/J
Coming fast...more acres of less tillage ..... A/S
These are the critical weeks for corn ..... A/S
Next — the plant growth regulators ..... A/S
Steering away from soil compaction ..... A/S
Why the trend is toward solid soybeans ..... A/S
Lock out crop storage losses ..... A/S
Are you ready for hybrid wheat? ..... Oct.
Eye-popping wheat yields possible ..... Oct.
Questions and answers about tillage ..... Oct.
A checklist of good ideas for no-till ..... Nov.
Birth of corn hybrid ..... Dec.
Yield isn't everything in soybean seed ..... Dec.
A rotation featuring red clover ..... Dec.

DAIRY CATTLE

Eight reasons why colostrum is so important ..... Jan.
How's your heat detection accuracy? ..... Jan.
U.S. dairy industry in the 1990's ..... Jan.
The search for stray voltage ..... Jan.
They cull cows to keep afloat ..... Feb.
Why dairy workers leave the job ..... Feb.
Meet Michigan's top dairyman ..... Mar.
One of five never reach 6 months ..... Mar.
How dairymen practice heifer A.I. ..... Mar.
Managing tips for exceptional cows ..... Apr.
Heifer A.I. — an underdeveloped opportunity ..... May
Ideas for better milking parlors ..... May
A planned growth in dairying ..... May
Good goals for dairy managers ..... May
Methane from manure saves money ..... J/J
Five solutions to dairy surpluses ..... J/J
Seven myths about the milk surplus ..... A/S
Special management for dry cows ..... A/S
On-farm mixing cuts dairy costs ..... A/S
Diary of an embryo transplant ..... A/S
Hold debt to $4,000 per dairy cow ..... Oct.
When to call the vet ..... Oct.
Spending your A.I. dollars wisely ..... Oct.
How to feed old crop corn ..... Nov.
Punching in feed savings ..... Nov.
Can your managment keep up with cows? ..... Nov.
Recycle cleaning solution for big savings ..... Dec.
Higher feed costs squeeze dairy margins ..... Dec.
Make that first heifer a good one ..... Dec.
How about pasteurized milk for calves? ..... Dec.
Cow bedding — comfort or contamination? ..... Dec.
Big changes in dairy bull ratings ..... Dec.

FARM MANAGEMENT

Will your son be ready to take over? ..... Jan.
Land rental should recognize the risk ..... Jan.
Management makes better workers ..... Jan.
Make a marketing plan for 1983 ..... Jan.
Reduce expense or maximize profit? ..... Feb.
Good news! Production costs are down ..... Feb.
Five ways to win or lose at the elevator ..... Feb.
PIK program worth a careful look ..... Mar.
Look for slow growth in exports ..... Mar.
Is there a blind spot in your buying? ..... Mar.
What could turn these markets around? ..... Mar.
Thinking like a lender helps ..... Mar.
Vegetable farm grosses $7,000 per acre ..... Mar.
Going "cheap" may be expensive ..... Mar.
Telltale signs of elevator trouble ..... Apr.
Seed for set-aside acres scarce and costly ..... Apr.
Holding the lid on planting costs ..... May
Leasing is a money-saving strategy ..... May

FARM MANAGEMENT

Will your son be ready to take over? ..... Jan.
Land rental should recognize the risk ..... Jan.
Management makes better workers ..... Jan.
Make a marketing plan for 1983 ..... Jan.
Reduce expense or maximize profit? ..... Feb.
Good news! Production costs are down ..... Feb.
Five ways to win or lose at the elevator ..... Feb.
PIK program worth a careful look ..... Mar.
Look for slow growth in exports ..... Mar.
Is there a blind spot in your buying? ..... Mar.
What could turn these markets around? ..... Mar.
Thinking like a lender helps ..... Mar.
Vegetable farm grosses $7,000 per acre ..... Mar.
Going "cheap" may be expensive ..... Mar.
Telltale signs of elevator trouble ..... Apr.
Seed for set-aside acres scarce and costly ..... Apr.
Holding the lid on planting costs ..... May
Leasing is a money-saving strategy ..... May

Windpower returns to the farm ..... J/J
Can bales make more money than bushels? ..... A/S
Three top dangers during harvest ..... Oct.
Better time management rewarding ..... Oct.
Will it pay to store grain? ..... Oct.
Ways to cut your fuel costs ..... Oct.
It's your job to improve your credit ..... Oct.
Did harvest cost you too much? ..... Nov.
What it will cost to farm in 1984 ..... Dec.
Bank share of farm loans is slipping ..... Dec.
Free market vs. mandatory controls ..... Dec.
Why you should consider the 1984 farm program ..... Dec.

FARM EQUIPMENT, MACHINERY & BUILDINGS — **MONTH**

Even the best planter could be better ..... Apr.
A side-by-side test of planters ..... Apr.
What to look for in a no-till planter ..... Apr.
What do you need to ease downtime? ..... May
What to expect when machinery rebounds ..... May
Radial tires give you extra horsepower ..... J/J
How much do you know about bolts? ..... J/J
Take a look at equipment needs now ..... A/S
Big discount deals near the end ..... Oct.
Get machines ready for winter operations ..... Nov.
How much water in diesel fuel ..... Nov.
There are bargains in farm buildings ..... Dec.
Homemade by Holbert ..... Dec.

FERTILIZER

Differences cloud soil test analysis ..... Jan.
Cut fertilizer bills through less tillage ..... Feb.
Tips to trim your fertilizer bill ..... Mar.
How to stretch fertilizer dollars ..... Apr.
Feed and weed in one pass ..... Apr.
Cost cutters that don't hurt yields ..... May
The choices for planter fertilizer ..... May
No quibblin' about fertilizer dribblin' ..... J/J
Why fall fertilizer may pay ..... Nov.
Growth fertilizer with annual alfalfa ..... Nov.

HOGS

There's hope for large hog litters ..... Jan.
Figuring profitable feeder pigs ..... Jan.
Hog health security worth the trouble ..... Jan.
Loved pigs grow fast ..... Jan.
Favorable year seen for hog producers ..... Feb.
Feed hogs to heavier weights? ..... Feb.
Little things turn into big pig dollars ..... Feb.
Manure gas can be a deadly killer ..... Mar.
Hogs earn an extra $1.50 bu. on corn ..... Apr.
Do you really like pigs? ..... Apr.
Hogs get herpes too ..... Apr.
Sitting up with the sow worth two pigs ..... May
Renewed interest in lean pork ..... May
How the dean of hog economists does it ..... J/J
She's a master pork producer ..... J/J
Pluses and minuses of hog A.I. ..... J/J
Managing feeder pigs by the book ..... J/J
How to measure sow production ..... A/S
Weathering the dip in the hog cycle ..... A/S
Where total hog A.I. was the answer ..... A/S
Extra pig per litter worth $30 ..... Oct.
The dimming of hog prospects ..... Oct.
Hogs the low overhead way ..... Oct.
How to select a top boar ..... Oct.
Good records bring top hog profits ..... Nov.
They feed pigs by the clock ..... Nov.
Do your gilts have "the right stuff?" ..... Dec.
They'll finish 350,000 hogs per year ..... Dec.
Cycling gilts earlier can cut costs ..... Dec.

PEST & WEED CONTROL

Price tag for weed control in wheat ..... Jan.
Weed control, conservation go together ..... Feb.
New post herbicides look great ..... Mar.
Better controls for weeds in no-till ..... Mar.
How about a split-shot of herbicide? ..... May
Perennial weed problem grows ..... May
What's wrong with my weed control? ..... J/J
PIK offers a rare chance for weed control ..... J/J
Is a fungicide needed for your beans? ..... A/S
Don't let grain thieves steal your profit ..... Oct.
Some insect problems likely on PIK land ..... Nov.
How many insect "boarders" in your grain? ..... Nov.
Flies show resistance to ear tags ..... Nov.

SHEEP

How to save those lambs ..... Apr.
Harvest a sheep crop 3 times a year ..... A/S
Meet the super ram and super ewe ..... Oct.
Reflections from a sheep camp ..... Dec.

SILAGE & FORAGE

How to get more out of hay ..... Feb.
Ways to find more forage profit ..... Mar.
How to make the best possible haylage ..... May
Kill Alfalfa weeds during summer ..... May
Wheat silage — a gift from PIK ..... May
How the hay champ did it ..... May
Where you lose hay quality ..... J/J
A new way to make hay dry faster ..... A/S
A facelift for poor quality hay ..... A/S
Guidelines to use in sampling feed ..... A/S
Biomass burners can cut drying bills ..... Nov.
Grain finds a home in a condominium ..... Nov.
Will your hay run short this winter? ..... Nov.
Establish alfalfa with a no-till system ..... Dec.

MISCELLANEOUS

Where did cattle and hogs go? ..... Jan.
I was ready to quit farming ..... Feb.
50 years of government programs ..... Feb.
What they're thinking in Washington ..... Mar.
Golden land prices in the Golden State ..... Apr.
A visit to Epcot Center ..... May
Don't let lightning shock you ..... J/J
Night patrol curbs crime ..... J/J
What's wrong with Soviet agriculture? ..... Oct.
"What I like about country living" ..... Oct.
Killer bees are getting closer ..... Oct.
The day movie makers came to our farm ..... Nov.
They're fooling around with mother nature ..... Nov.
Wave of new technology in cattle breeding ..... Nov.
A better way to castrate cattle ..... Dec.
Pelvic measurements can cut calf losses ..... Dec.

ORDER BACK ISSUES

If you missed any articles listed in the annual index, you can order back issues of ***Farmer's Digest***. All 1981, 1982 and 1983 issues are available. Most issues of 1977, 1978, 1979 and 1980 also are available. Cost is one copy $1.25 each postpaid. We will Xerox articles from issues no longer available for $1.00 each. Order from ***Farmer's Digest***, Box 363, Brookfield, WI 53005.
